## Marine Corp Recruiters Will Arrive on Campus

Look for the Marines to land on  
May 10. Captain Tom L. Gibson  
and two Marine sergeants from the  
Kansas City Marine Corps Officer  
Procurement Office will be here  
then.

Their purpose will be to advise  
male students of what their mili-  
tary obligation is and how to meet  
it.

Many changes have been made  
in these programs since the last  
visit of the Marines and these  
changes are of interest. For in-  
stance, anyone enlisting in the Pla-  
toon Leaders Class after June 1  
will have to do three years on ac-  
tive duty instead of the present  
requirement of two.

They are also limited in the  
number they can take, but can ac-  
cept five freshmen and five sopho-  
mores between now and June 1.  
Other changes are of equal impor-  
tance; however, the main points in  
the program remain the same.

All training is done during the  
summer months and those selected  
for the program will be given draft  
deferment until they have complet-  
ed college.

Captain Gibson and his team will  
be at the Union.

## To Dance, Or—

It was intermission time at a college dance, so everyone came inside to rest—a standard joke, but it certainly hits home. This year dances which have been staged for the enjoyment of the entire student body have been at a disgustingly low ebb, with meager attendance and poor cooperation of the students who did attend.

We're not trying to be "preachy" but those who like dances feel somewhat slighted because these social functions are not receiving full-hearted cooperation. Homecoming, of course, was a sell-out, but others have failed to spark much enthusiasm.

It's your social life, and we're not trying to revamp it, but some people are certainly not making the most of it. We'd like to see an all-out crowd at a dance, and to coin a common phrase, see some of the people "get the lead out," and really have a good time.

Several of the dances this year were the result of some good old grueling student labor to make a successful dance and then no one came or those who did were placidly content to sit on the side lines. Bear in mind the old lines about "together we stand or together we fall." Come on now and really pitch in and let's see what a good dance can really be like.—Editor.

### LITTLE MAN ON CAMPUS

by Dick Bibler

"Just what it says 'If . . . what . . . is . . . ?' If you had read the assignment, that question would be perfectly clear."

Mr. Everett Brown, director of field services, helped administer the tests.

It is hoped that this event will help to curb accidents and to mean automobile safety to everyone.

### Cauffield Receives Creditable Tribute

Mr. Arthur J. Cauffield, former head of the geography department of the college and now a student, has been receiving a great deal of publicity since a story on his enrollment as a student in the college appeared in the Kansas City Star on March 26. The Associated Press took the story and circulated it widely. As a result, Mr. Cauffield has received letters from former students in many parts of the United States.

One of the most interesting uses of his story is an editorial headed "Nor Custom Stale," which appeared in the St. Louis Globe-Democrat, March 29. It follows.

"Every now and then we find a bright, fresh instance. They are the stout of mind, the gay of heart, the vibrant oldsters whom time cannot wither. Up at Maryville, Mo., Arthur J. Cauffield retired in 1951 after teaching in Northwest Missouri State college 37 years. Now 81 years old he is a student at the same college, a member of the choir and a violinist in the student orchestra. He takes a stiff course, too.

"Cicero observed in his essay on old age, De Senectute, 'For as I like a young man in whom there is something of the old, so I like an old man in whom there is something of the young; and he who follows this maxim, in body will possibly be an old man, but he will never be an old man in mind.' Perhaps this wraps up the whole problem of gerontologists. Peace of soul is the great benediction of age; and active mind that refuses to curl up in atrophy adds a charm and courage.

"The problem de senectute needs less a fountain of youth than founts of the mind."

## THE STROLLER

The survey being conducted on the campus to determine why students spend the week-ends away from the campus should prove to be very interesting. The Stroller is one of the many anxious persons to hear the reasons for leaving on Friday. Whatever the reasons for departing may be, from having a girl elsewhere to longing to see mommy or daddy, the Stroller is waiting to learn them.

The journey made to St. Joe by a carload of Bearcats was strictly a business trip. "Moose" Culver, a member of the male group, provided the entertainment of the evening.

If one wants a drink of water from the fountain on third floor of the Administration building, it is almost necessary to wear a raincoat or carry an umbrella. The stream of water that little fountain shoots up is big enough to give the thirsty drinker a Saturday night bath. It either gives a big stream, or else a little squirt. What a problem!

All cigar smokers should see Don Holt. This boy from Lawson has finally taken the first step to marriage by getting engaged to a hometown girl. It is not usually customary to hand out cigars when getting engaged, but a little pressure on Don's conscience persuaded him to buy a box of Roi Tans. Thanks, Don, and when the actual wedding day approaches it will take another box of cigars to please your well-wishers.

We will revere and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

Mr. Reynolds, formerly in the agriculture economics department of the Missouri College of Agriculture, discussed "The Meat Type Hog," with special emphasis on consumer preference for meat and recent changes in meat and livestock marketing.

The award banquet is an annual affair of the Agriculture Club and is held for the purpose of recognizing those boys who have won special recognition in livestock judging. Fathers of the members of the club are special guests as well as stockmen close to Maryville who have lent their livestock for use of the Ag Club members. Marlan Tlemann of Westboro, president of the Ag Club, presided at the banquet. F. B. Houghton, of the agriculture department, is sponsor of the organization.

Trophies and keys for high individuals in the local livestock judging contest held on April 8 were supplied by the Nodaway Valley Bank of Maryville. A. J. Dinsdale, vice-president of the bank, presented the awards. In addition, awards received at the recent Oklahoma City Intercollegiate Livestock Judging Contest were presented.

### Independent Club

Saturday morning, April 10, twelve members of the Independent Club left Maryville in a down-pour of rain. They journeyed to the Great Lakes, across the southern part of Canada to Niagara Falls, and from the falls to Cornell University at Ithaca, New York.

At Cornell everyone participated in the N. I. S. A. convention. Everyone enjoyed the huge campus and all felt that the convention was very profitable.

On the way home the group stopped in New York City and saw many very interesting, famous sights.

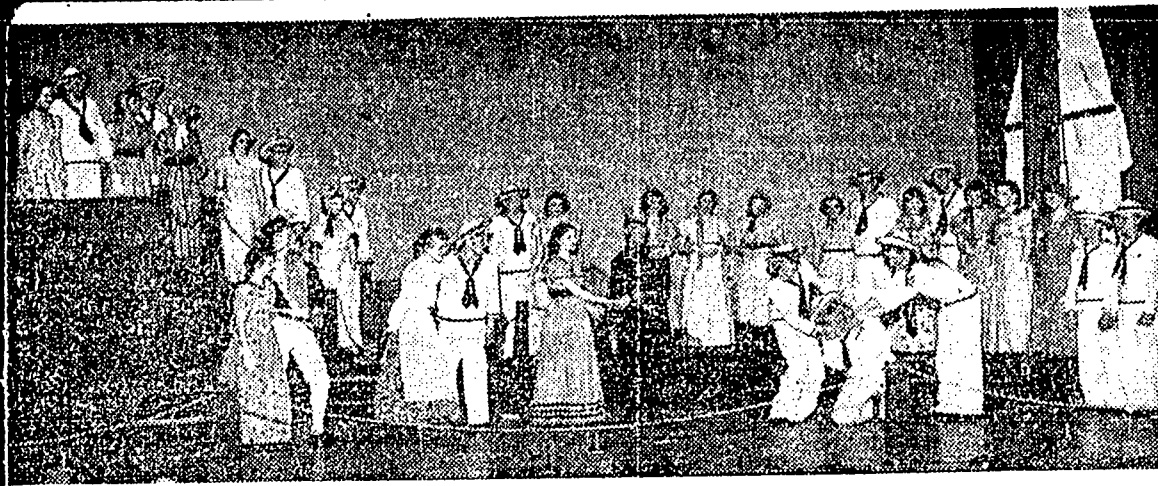

On the afternoon of April 17, the very tired group arrived in Maryville. All agreed that the trip had been a very enjoyable one.

Mr. and Mrs. Chester Krause, Jefferson City, were guests of the Luther Belchers last week end.

They were among the group of 334 students registered.

College music department presented Gilbert and Sullivan's comedy opera, "HMS Pinafore," at three performances on April 26, 27, and 28. The cast of the productions is pictured above.

## H. M. S. Pinafore Production Receives Praise of Audience

"Mr. Gilbert Whitney, of the College music department, really knows how to draw music out of persons, doesn't he?" was a comment heard after the production of H.M.S. Pinafore at the assembly last Wednesday.

"Yes, and every phase of the production was excellent," was the answer.

Probably almost everyone attending the performance of the Gilbert-Sullivan opera had a similar impression.

The singing, acting, speaking, lighting, music, dancing, staging—all were blended into a pleasant and memorable entertainment.

Mr. Gilbert Whitney was the music director and Mr. Donald Sandford directed the orchestra scores.

Miss Jean Kinnie, speech department, was the stage director; Mr. Ralph Fulsom, technical director; Miss Doris Hysler, dance director.

Members of the cast were Jack Hill, Charles Hagee, Daniel Evans, Roger Rowlett, James Roll, Allen Spies, Mary Ann Davis, Barbara LaMar, and Helen McDonald.

The First Lord's Sisters, Cousins and Aunts included Agnes Adams, Veldeva Cochran, Karen Gardner, Jeanne Goodson, Rosalie Graham, Wreatha Jarvis, Phyllis Kelley, Marilyn LaMar, Claudia O'Dell, Carol Peters, Beverly Porter, Ruth Tebow, and Joan Terwilliger.

Costumes were contributed by the Tarkio College and the Hooker T. Howe Costume Company of Raverhill, Mass.

### Proof of Pudding . . .

Girls in the meal service class proved their culinary abilities recently when they prepared a special meal. The class was divided into two groups. Each group planned a menu, ordered the supplies, prepared and served the meal to classmates.

Another special project will be a buffet dinner in which all the class will participate.

In groups of three or four, the class members will prepare for a special occasion and invite other members as guests.

## Bearcat Trackmen Travel To Springfield for Conference Test

Coach Ryland Munner and five of his best trackmen will leave Maryville early Friday morning for Springfield where they'll participate in the conference track and field championship Saturday.

The Bearcat track team has not been too successful to date, because of injuries of Jack Spence and Bill Burnside. Last year, in the conference meet, Jack was the 100 yard dash champion. Burnside would have provided points in the dashes and relays.

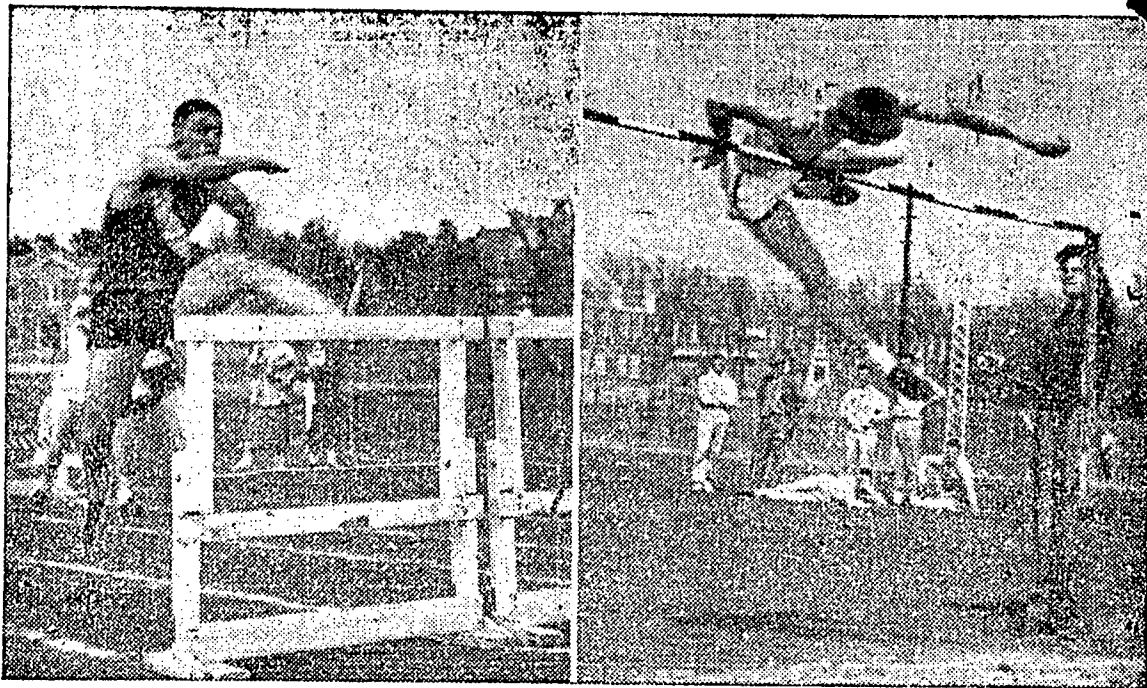

Ric Tilton and Louis Linville, both St. Joseph products, are given the best opportunity of coming through in the point column. Tilton in the 440 and 880 and Linville in the 100 and 220.

On the tennis front Paul Clark and Charlie Adair will represent the Green and White in singles and doubles.

Dave Cochran will represent the Bearcats in golf.

The Conference Outdoor records are as follows:

High jumper Dowden of the Bearcats (right) goes up and over a 5 ft. 9 1/2-inch cross bar to gain a second place tie in the field events' high jumping contest with a high jumper from Tarkio College, the third school entered in the track meet. This event was taken by a Tarkio man with a jump of 5 ft. 10 inches.

## High School Spikemen Invade Memorial Stadium for District

The annual District Track and Field Meet will be held all day Thursday, May 6, with the preliminaries starting at 9:30 a. m.

Applications have been sent to one hundred and three schools in this district; the schools wishing to participate in the meet returned the application by May 1.

If ordinary conditions prevail there should be a large field in the running. Both class "C" and class "B" schools will be represented.

Last year the College "M" Club initiated their sponsoring of a queen's contest which proved very successful. This contest added color and interest to the meet and will again be employed.

Last year only one of the existing records was broken and that was in the 180 yd. low hurdles by Bill Humes, representing Weston High School.

George "Sweets" Nathan was so kind to consent to our taking over his feature that we are going to try and do it the justice it deserves.

Happy to see intramural getting back to competition through campus organizations.

Plenty of credit should go to the hard-working swim club Thursday and Friday nights.

Well, the one school year has about terminated so from this point on we shall try to give you a prospective view of what the future holds for athletes here at State.

AH-BA-GIG-E predicts:  
"Moose" Dillon shall pirouette to victory over Barbara Ann Scott for the Universal Figure Skating championship.

"Jigger" Gillette shall replace Ali Khan as the lover of the century. Don Palmer will take Liberace's

place at the ivories.

Morris Ingram shall overpower all challenges for the mat kingdom of King City.

Stan Ogden designing new obstacle courses for the Marine Corps. Gung Ho—you sandwich.

Bill Norton—president of the University of East ARKO.

Carl Leffingwell just biding his time.

Jerry Sprong still giving the girls a break.

Ono Monachino—well, need we say more—

Jerry Davis going from the ridiculous to the sublime.

"Ricky" Raine still dancing with his hat and cane.

IS OLD GENE WORRIED??

Larry Rowley, the administrator of our laboratory school here at state.

"Mouse" O'Dell—new dietician at the Psalms.

Frank Pebley—technical adviser

at Roadside Park.

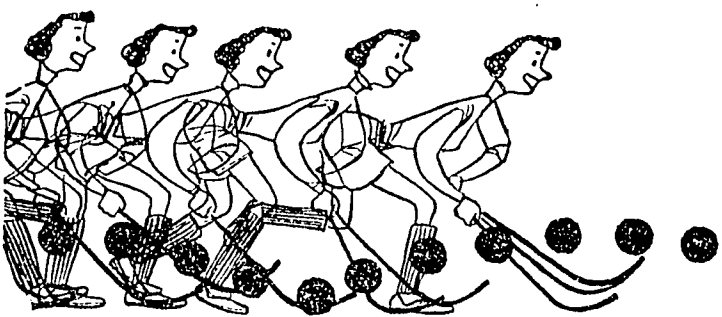

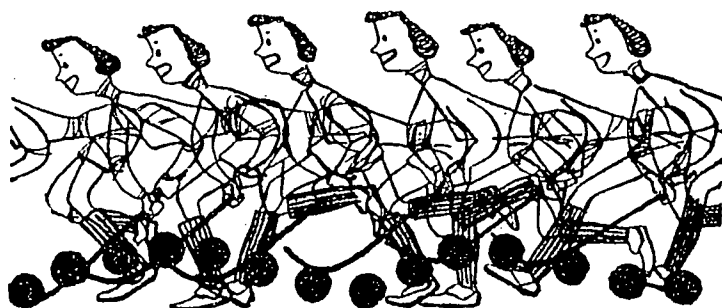

Bill Baldwin, demonstrating chryslers in Grant City.

John Garner, well, he'll probably be married.

Although the old saying is age before beauty, we have reversed the procedure. This does not imply that our last character is old, but he is the only person on campus who was 4F during the Spanish-American War. During World War I he

tutored Sgt. York, and he received the purple heart during World War II when he courageously continued to slice bread during a "black-out," which resulted in an injured digit. For the benefit of the freshmen and quite a number of upperclassmen, digit refers to fingers. Oh, by the way, his name is G. F. Nathan, and AH-BA-GIG predicts he shall be teaching prose and poetry at Harvard.

Our thought for today is stop, look, and listen.
